LOCKERQUEST

GENERATING ADDITIONAL INCOME FOR HOSTING BUSINESS TO BUSINESS SMART LOCKERS.

Earn additional revenue from unused or underutilised spaces

BENEFITS AT A GLANCE

- ADDITIONAL REVENUE
- INCREASED FOOTFALL
- COMMUNITY BENEFITS
- HELP REDUCE IMPACT ON ENVIRONMENT

Thinventory

We can convert space into an **additional, guaranteed revenue stream with zero cost or risk** to you.

LockerQuest in partnership with **Thinventory** source and manage new locations for their growing network. By renting out unused or underutilised space for smart lockers, we generate guaranteed recurring revenue for our Space Partners at no additional cost.

Our services encompass location identification, survey management, approval processes, safety management and ensuring successful locker installations.

Thinventory has more than 45,000 smart lockers across more than 1,500 sites throughout the UK that enable field service engineers to securely collect and return equipment and parts from places of maximum convenience near their points of service.

Generate additional revenue with **LockerQuest** by transforming your unused or underutilised space into a profitable asset through business to business locker rentals, all at no cost to you.

LockerQuest, the parcel locker location experts.

What are we looking for?

LockerQuest are actively looking to work with businesses to host **Thinventory** business lockers, used by locally based service engineers. **Thinventory** customers depend on **Thinventory** lockers to ensure repairs can be made in hours instead of days. **Thinventory** depend on a network of site hosts to ensure those lockers are close enough to supported customer sites to fulfil that mission.

Thinventory lockers are freestanding and battery operated, so no costs for electricity!

You just need to have some free space to place them which is accessible 24 hours per day, 365 days per year. **Thinventory** delivers into the lockers during the night and the business customers typically collect in the mornings.

No cost, **no risk**, **worries** about maintenance or repair. It's all covered. It is a great opportunity for you to **maximise the value of underutilised or redundant spaces**.

GUARANTEED RECURRING INCOME FOR EVERY LOCKER

You will receive an annual guaranteed rental income for each locker installed with no costs and no impact on day-to-day operations.

INCREASED FOOTFALL MEANS MORE BUSINESS

Parcel lockers provide an increase in customer footfall / brand awareness, generating additional revenue.

COMMUNITY BENEFITS

Support your local community by helping to keep crucial services running.

HELP REDUCE IMPACT ON ENVIRONMENT

Thinventory estimates that it has saved over 4.6 million kgs of CO_2 for their customers since 1st Jan 2023 by reducing the distance engineers has to travel to pick up and return parts.

Interested in generating more income?

Great, this is our five step process for **you** to **receive an additional revenue stream**.

1

CLIENT DISCUSSIONS

We have a chat with you about location/s, processes, commercials and terms

2

PRE-QUALIFICATION OF SITES

We will map your sites against the demand of our parcel locker clients.

3

SURVEYS

We visit and review each site to determine the best suited location.

4

SURVEY APPROVALS

We gain all parties approvals.

5

INSTALLATIONS

We agree a planned date for each locker installation.
